Bus Deficit Driving City Finances Into Red, Council Told

(Continued on Page 1-A)

Receipts and disbursements of the bus lines from May 5, 1941, when the city took over operation of the transportation system, thru December, 1941. Revenue totaled \$14,733.33 while expenses were \$20,744.23 and this figure does not include the sum of \$20,385 "borrowed by the city from the water department for use of the bus department or all the advances from the City General Fund."

An itemized accounting was also given for the six months passenger period on the bus lines showing the revenue from the various operating points. This revealed that the revenue during the half-year period from the five round-trips made daily to and from WALTERIA netted 96 local WALTERIA passengers at 15 cents each, total \$14.25; 60 WALTERIA-Los Angeles passengers at 40 cents, total \$24.

A total of 350 Lomita fares (five cents each) netted \$17.50. Lomita-Los Angeles fares, 8,025 at 25 cents each, amounted to \$2,006.25. Other fares reported were: 575 Torrance locals at five cents each, \$28.75; 20,795 Torrance-Los Angeles fares at 30 cents each, \$6,238.50; 800 Gardena-Los Angeles fares at 20 cents each, \$160; 25,160 Los Angeles locals at 10 cents each, \$2,516. This revenue totaled \$11,818.75.

Actual receipts from July 1 to Dec. 31, 1941, were reported as \$11,904.17 while the actual disbursements for the same period, Bartlett's report showed, amounted to \$13,340.16.

To eliminate the necessity of continually replenishing the municipal bus fund, the council at its Jan. 13 meeting authorized transfer of the bus account to the general fund. In the future all expenses for the bus line will be paid out of the general fund, and likewise, all revenues will be credited to the general fund.

Actor Speaks Tonight (6) If there is sufficient demand, a Standard beginners' class will start in the evening to serve those who cannot attend the afternoon class. For information about these classes, telephone the Torrance Red Cross headquarters, 850 or 436.

These classes are open to men and women and it cannot be too strongly urged that those who can, attend them, Clemmer said. "Those who will man our casualty clearing stations and do first aid field work here in an emergency will be selected from those who complete the advanced course."

Law Ayres, motion picture actor, who is a member of the Volunteer Reserve Corps of the Red Cross will be at the Civic Auditorium tonight (Thursday) at 7 o'clock to speak on "Chemical Warfare." He has made a special study of war gases and their first aid treatment. This will be a technical discussion so all interested are urged to bring notebooks and pencils.
